Baltimore and Ohio Railroad. The regular monthly meeting of the Board of Directors of the Baltimore and Ohio Railroad Company was held in this city yesterday. The report of the road for the month of April was reviewed as follows:

Main Stem.	
Passengers.....	\$56,097 24
Express.....	3,770 00
Freight.....	2,141,419 24
Tonnage.....	\$25,449 07
Washington Branch.	
Passengers.....	1,300 00
Express.....	1,000 00
Freight.....	6,361 74
Tonnage.....	\$2,510 81
Northwestern Virginia.	
Passengers.....	\$4,116 23
Express.....	866 61
Freight.....	19,601 61
Tonnage.....	\$24,584 71

Total.....\$369,067 33 Compared with the same month of last year, there is now a decrease on the main stem of \$101, 17 1/2 c; on the Northwestern Branch \$5,767 86; do on the Washington Branch \$4,548 48. Total decrease \$111,491 12. The heaviest decrease is in the receipts on tonnage on the main stem, which, in April, amounted to \$2,141,419 24, against \$2,544,219 07 in April, 1858. This has been caused partly by the small amount of freight now coming from the West, but mainly by the suicidal competition between the four great Atlantic lines, which has so greatly reduced the rates of transportation. Compared with the previous month, the receipts on tonnage of the road shows a decrease of \$40, 923 69.

The financial year of the Company commenced with October. The receipts of the first seven months of the present year, amounting to \$2,057,071 94 in the corresponding six months of last year—showing a decrease the present year, so far, of 116,852 4 c. As an offset to this, it is known that there is a large decrease in the general working of the road, and that the late exhibits made by the company—
